

Annexe 2 – Rechargement dans le cadre du scénario 1

Localisation des profils transversaux

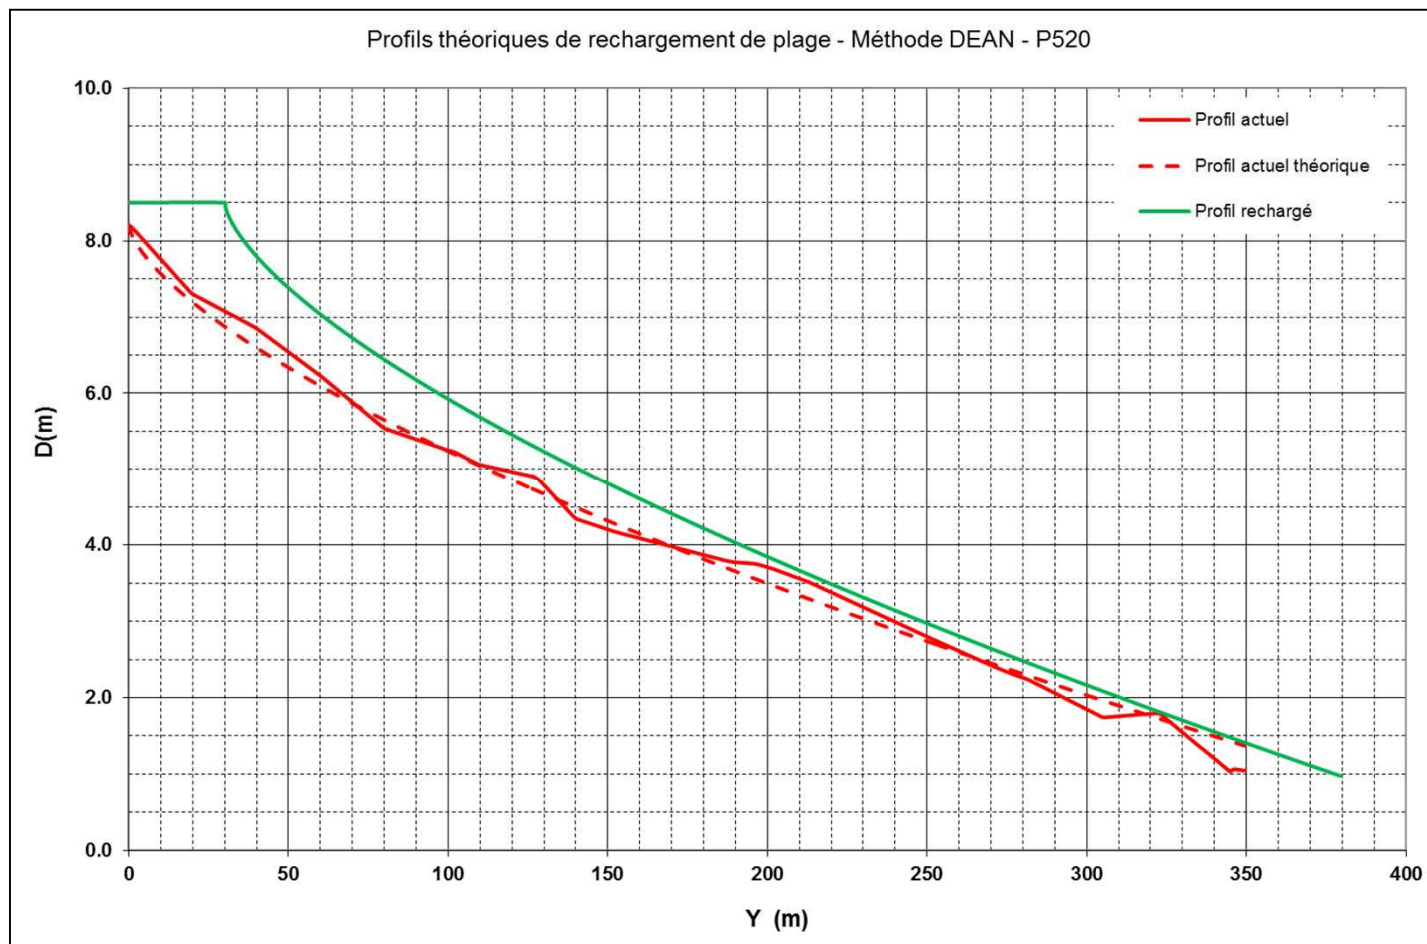

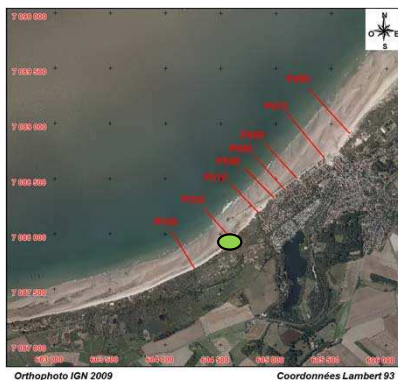

Profil de rechargement théorique P530 – Sc1

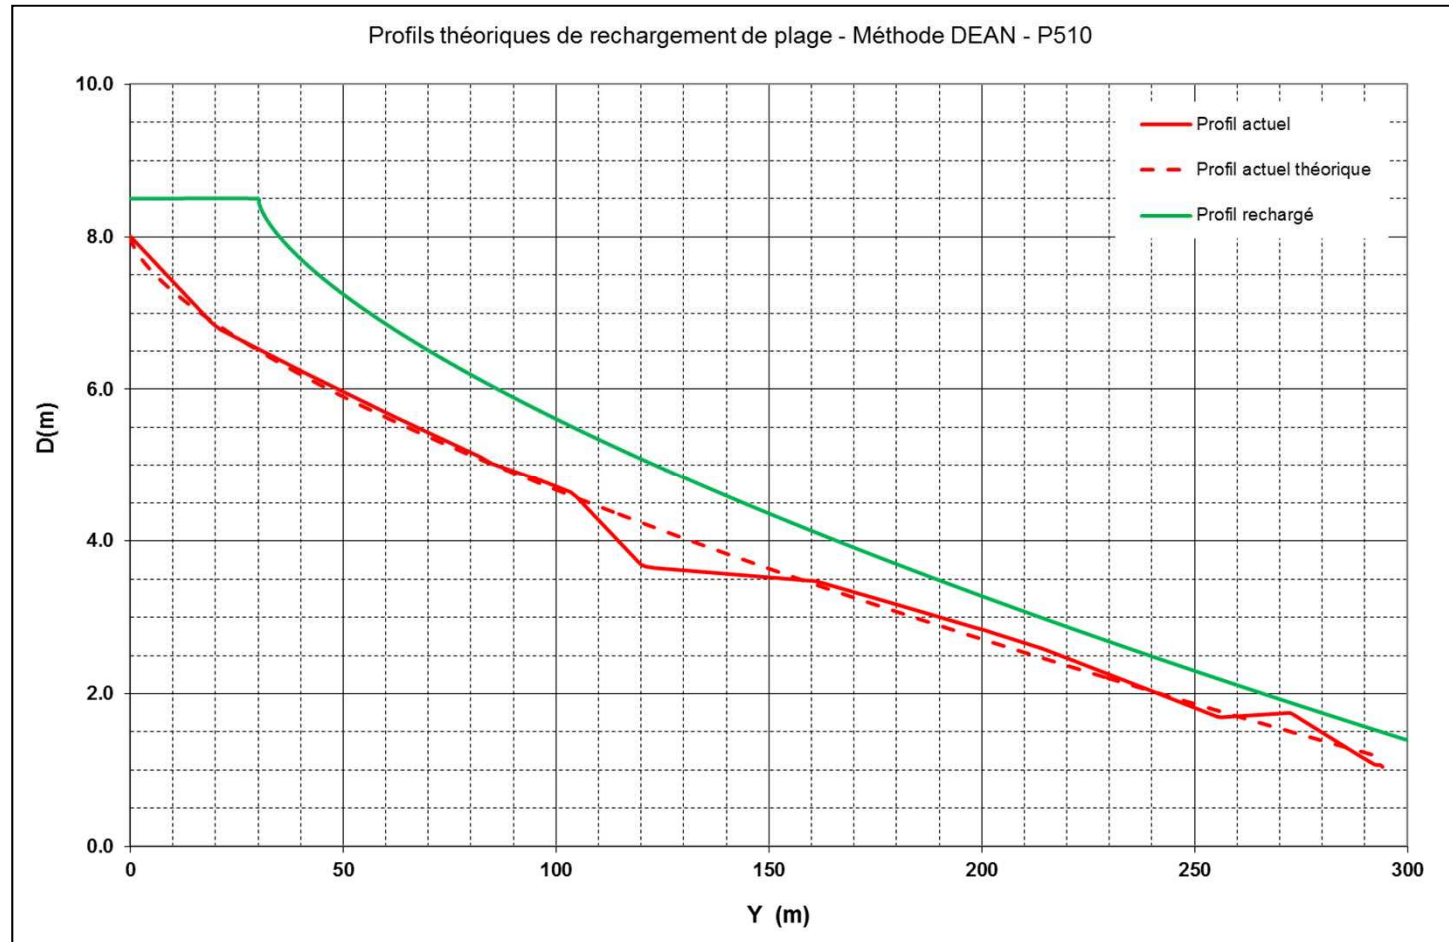

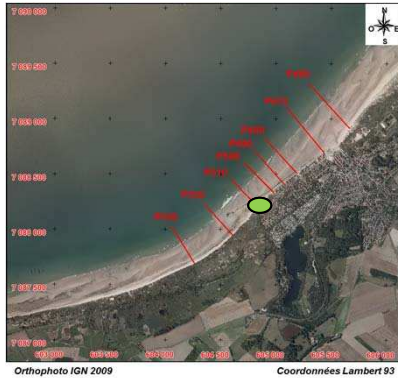

EGIS (2014)

Profil de rechargement théorique P520 – Sc1

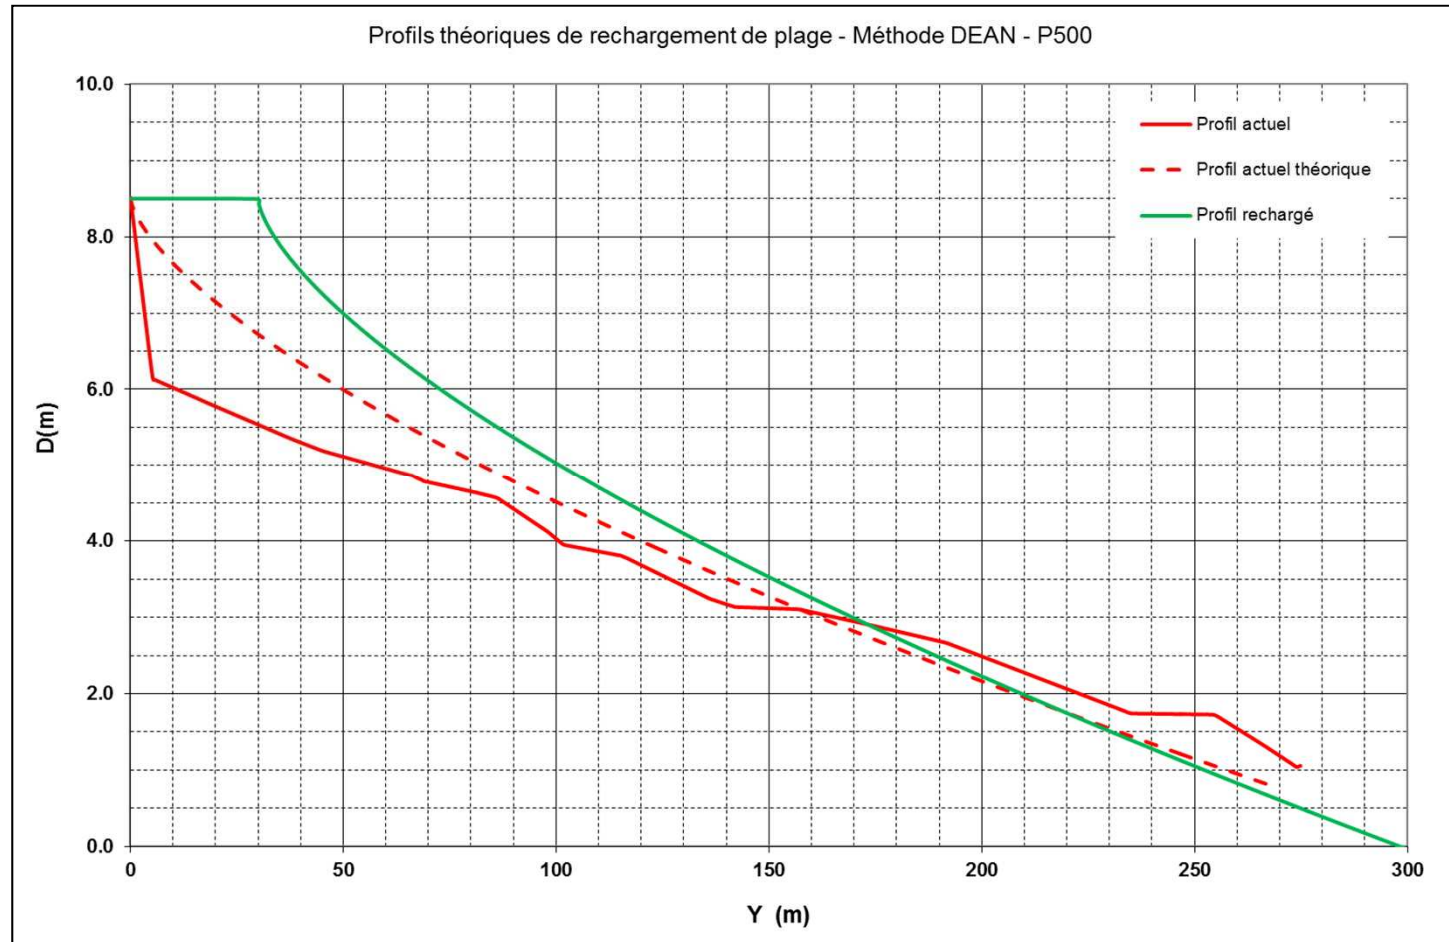

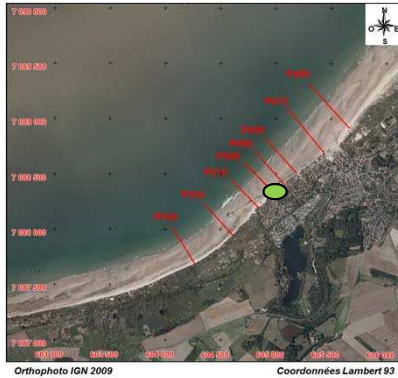

EGIS (2014)

Profil de rechargement théorique P510 – Sc1

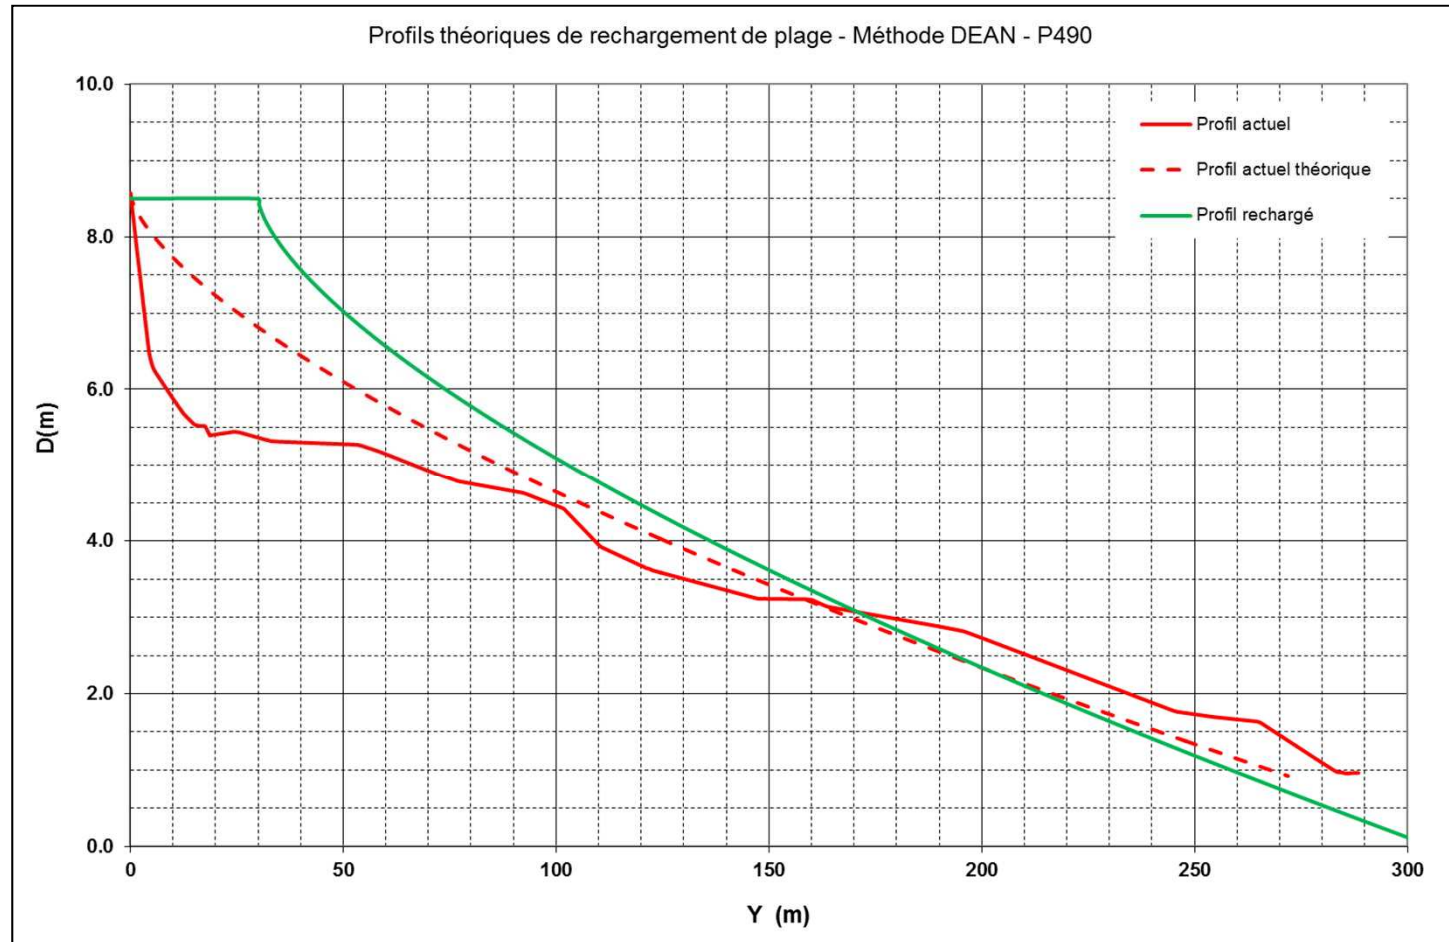

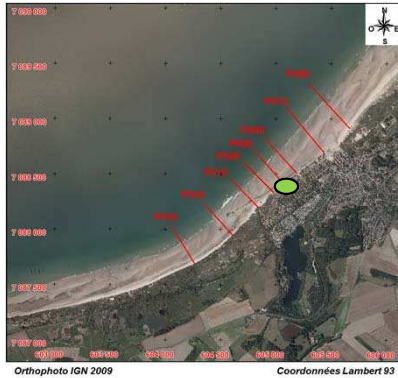

EGIS (2014)

Profil de rechargement théorique P500 – Sc1

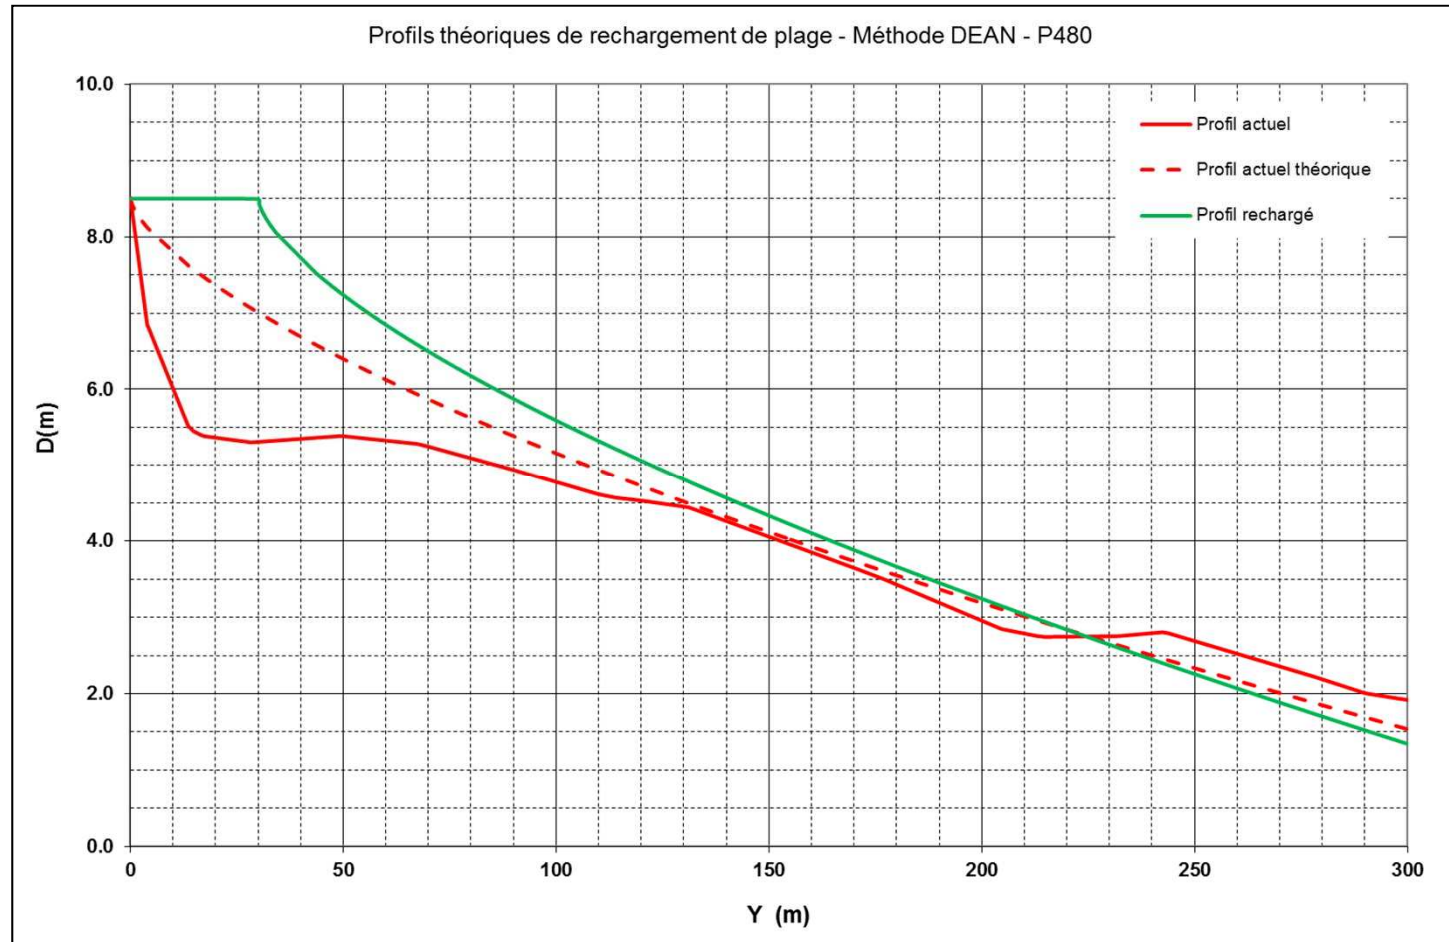

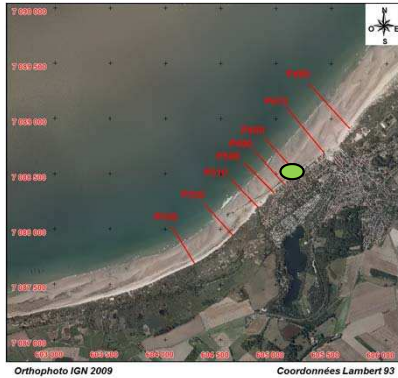

EGIS (2014)

Profil de rechargement théorique P490 – Sc1

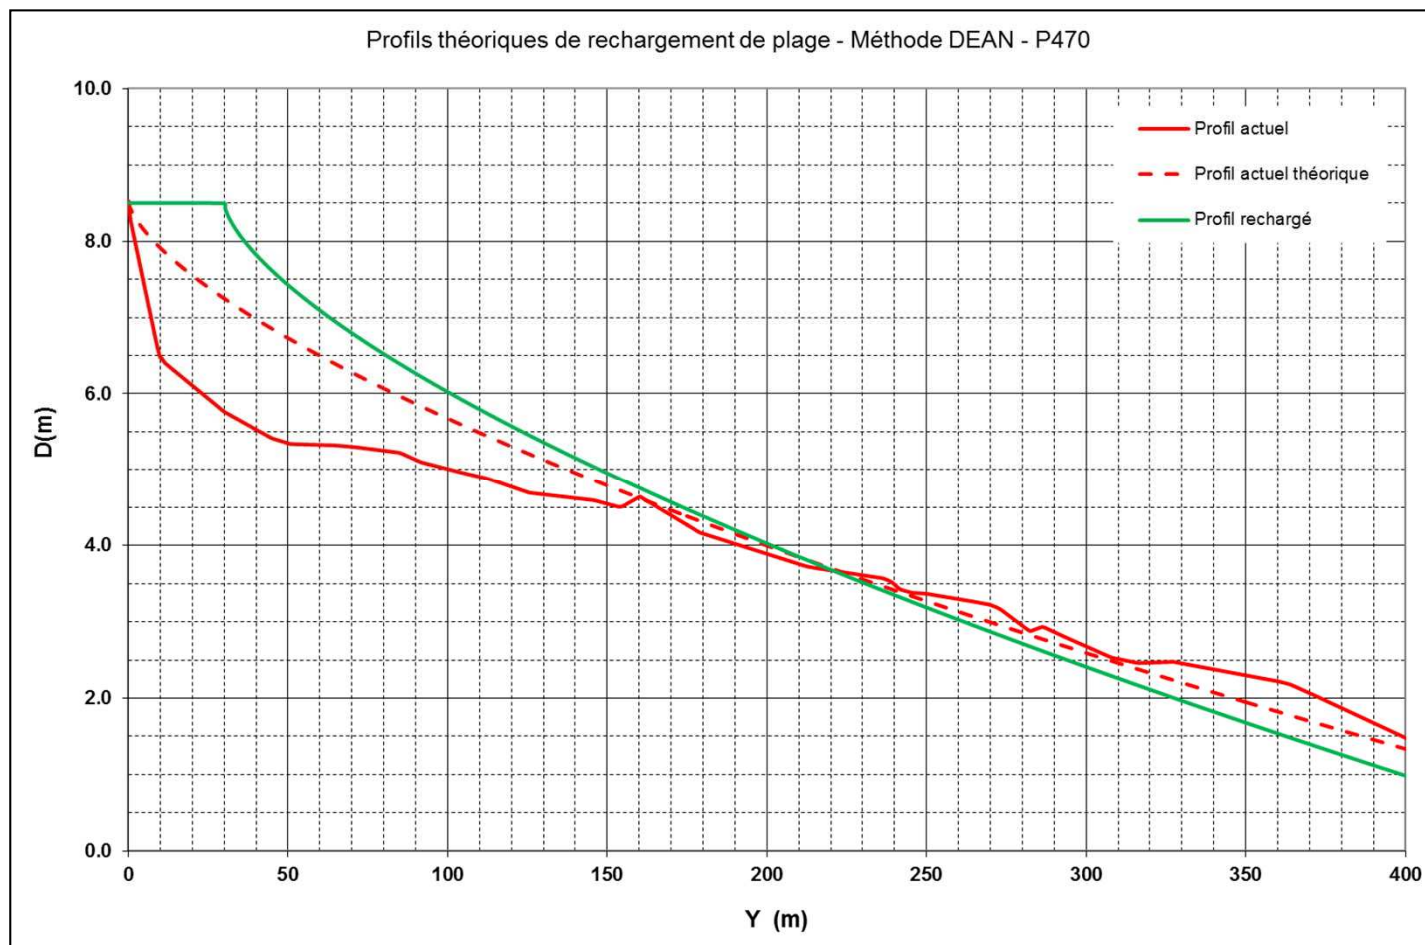

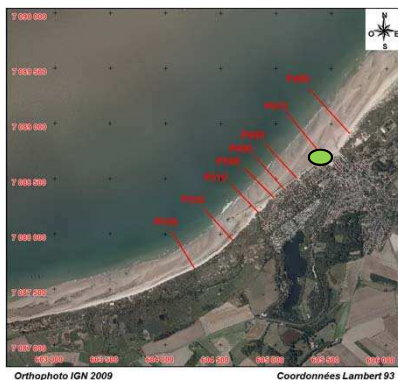

EGIS (2014)

Profil de rechargement théorique P480 – Sc1

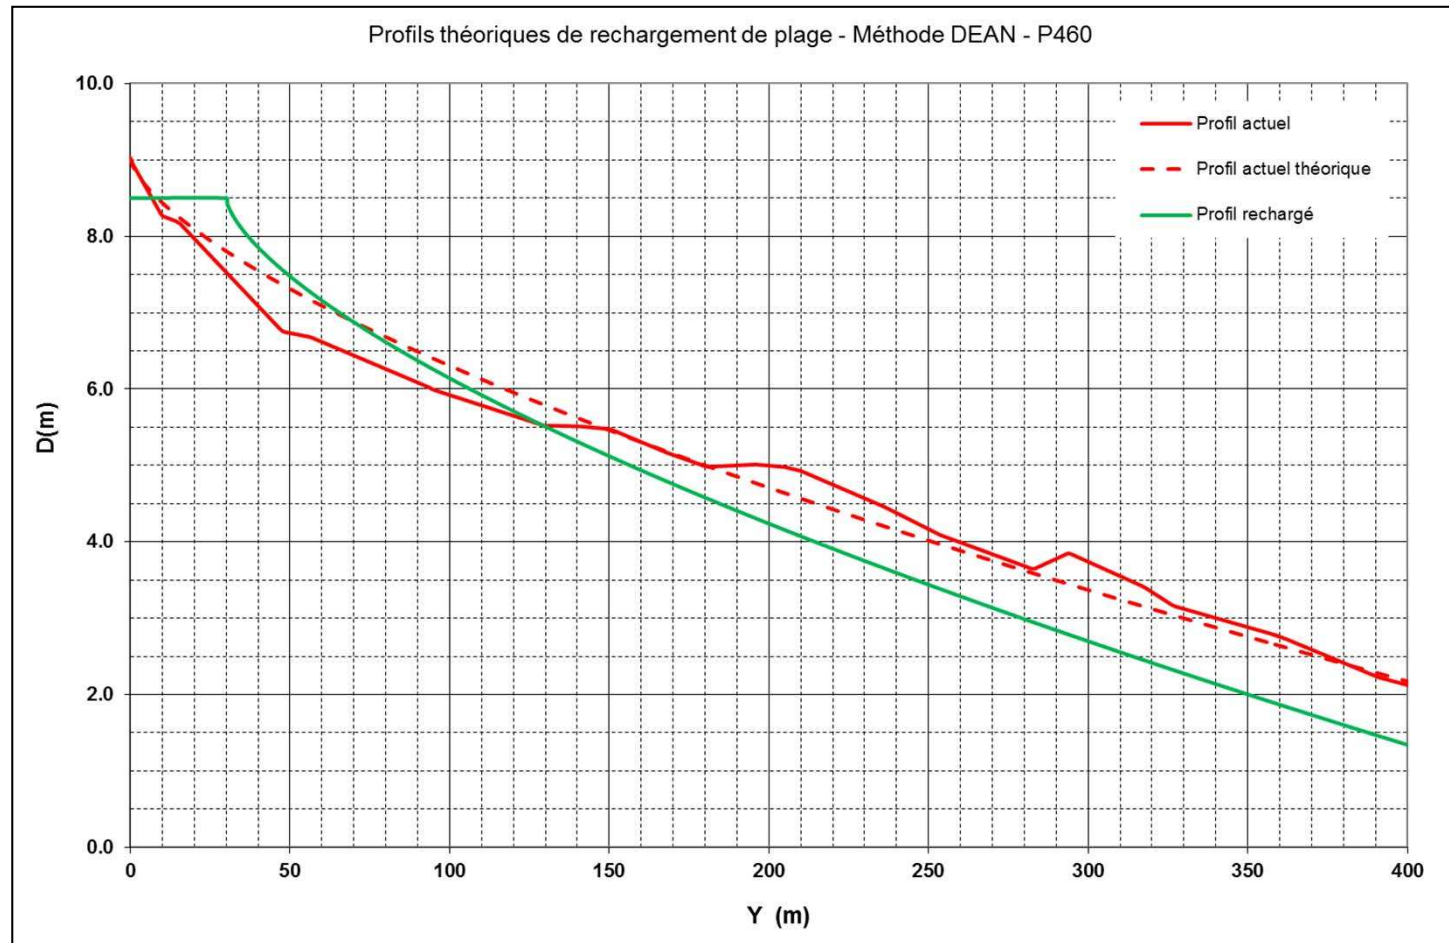

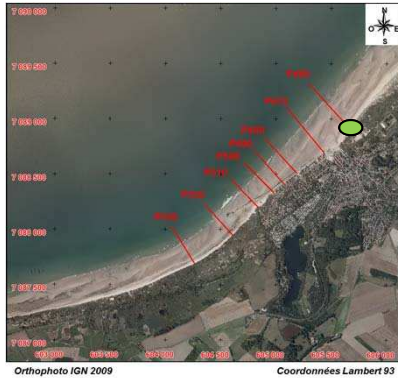

EGIS (2014)

Profil de rechargement théorique P470 – Sc1

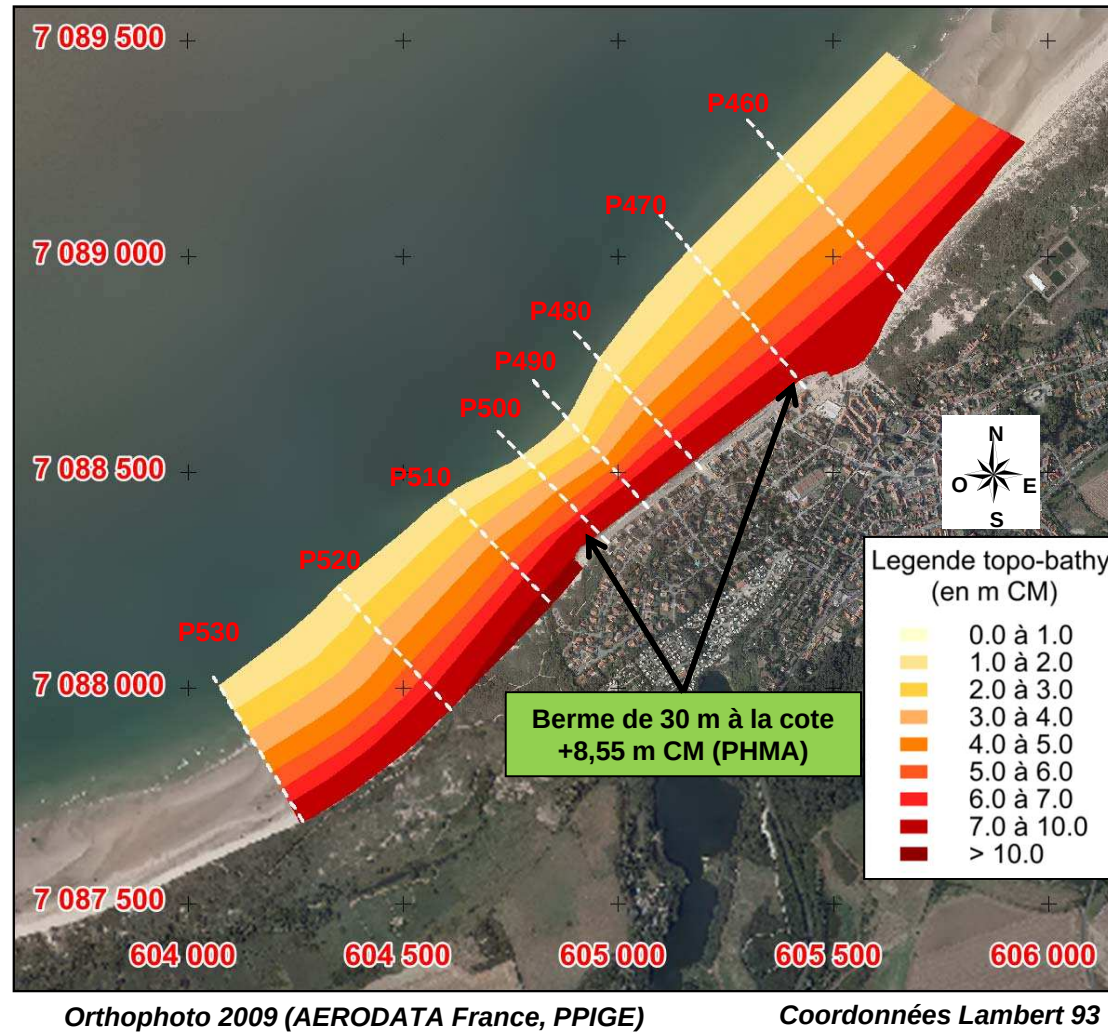

EGIS (2014)

Profil de rechargement théorique P460 – Sc1

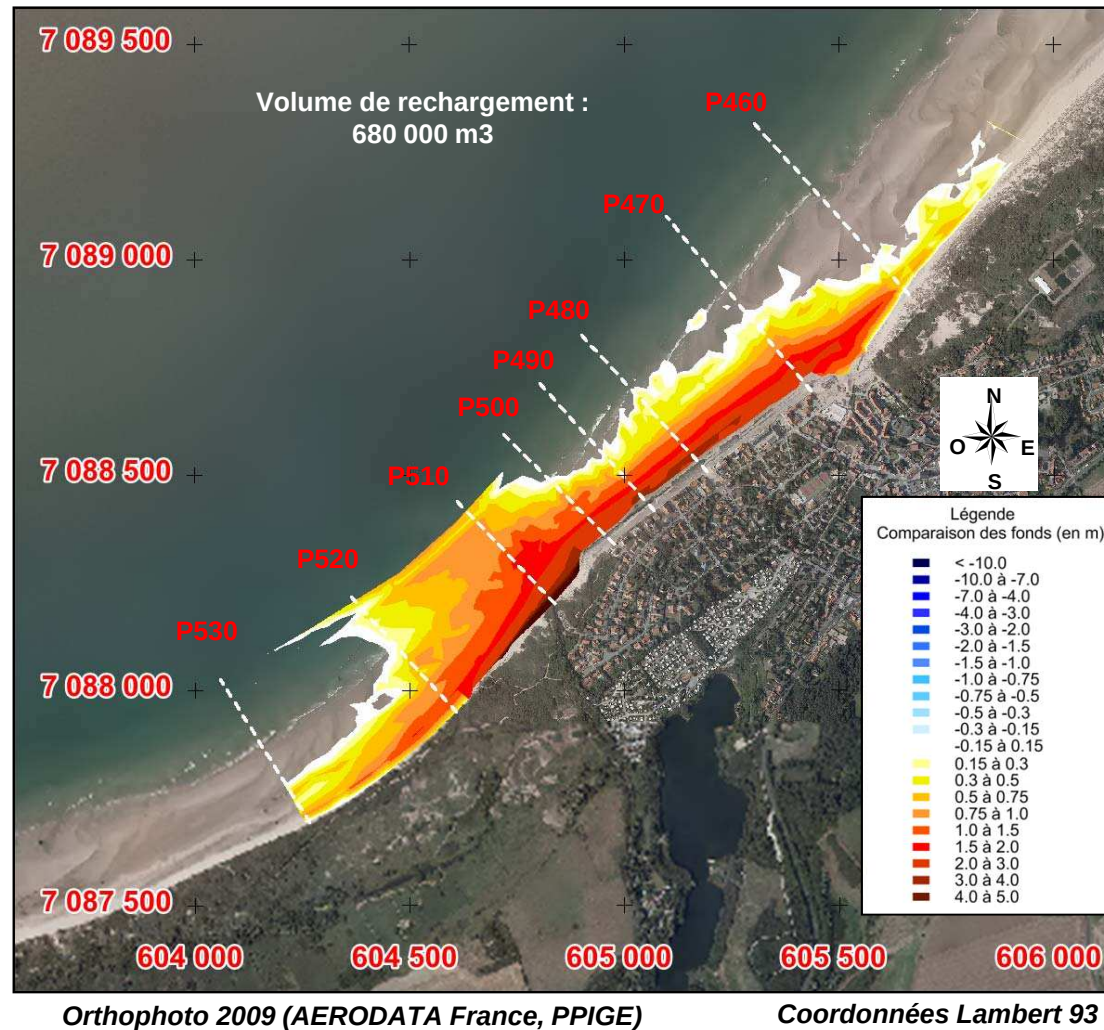

EGIS (2014)

Bathymétrie théorique après rechargement – Sc1

Différentiel entre la bathymétrie théorique rechargée (Sc1) et la bathymétrie de 12/2013

Facteurs de rechargement
